

JEN AMLANI

LGO CLASS OF 2022

- MBA & MS Mechanical Engineering
- 7 years of experience in pharmaceuticals and energy
- Previously Reliability Engineer at Bristol-Myers Squibb
- B.S. Chemical Engineering from the University Of Michigan-Ann Arbor

amlanij@mit.edu

CAITLIN KERR

LGO CLASS OF 2021

- MBA & MS Aeronautics and Astronautics
- 4 years of experience in the aerospace industry
- Previously Materials, Process & Physics Engineer at Boeing
- B.S. Aerospace Engineering, MIT
- Professional interests in commercial space and airline industry

cekerr@mit.edu

DAN BORCHIK

LGO CLASS OF 2022

- MBA & MS Aeronautics and Astronautics
- 8 years of experience in aerospace and defense
- Previously a Pilot in the U.S. Army
- B.S. Mechanical Engineering from the United States Military Academy
- Professional interests in human-machine interactions, autonomy, and artificial intelligence

dborchik@mit.edu

NIKHIL BYANNA

LGO CLASS OF 2021

- MBA & MS Operations Research
- 4 years of experience in operations consulting
- Previously Consultant at Boston Consulting Group
- B.S. Industrial Engineering and Mathematics, Northwestern University
- Professional interests in Machine learning, optimization, supply chain management, pricing

nbyanna@mit.edu

NICK PAGE

LGO CLASS OF 2022

- MBA & MS Mechanical Engineering
- 3 years of experience in the aerospace industry
- Previously a Propulsion Design Engineer at Boeing
- B.S. and M.E. in Aerospace Engineering, Texas A&M University
- Professional interests in aerospace & defense, biomedical, healthcare, strategy, integration, complex systems design, psychology

npage@mit.edu

JULIA CHEN

LGO CLASS OF 2021

- MBA & MS Civil and Environmental Engineering
- 6 years of experience in construction project management
- Previously a Senior Project Manager at Faithful and Gould Project Management Ltd
- B.Sc. Building Engineering & Management, Hong Kong Polytechnic University
- Professional interests in operations and supply chain management, infrastructure digitization and integrated project delivery, sustainability

julchen@mit.edu

LAMPROS TSONTZOS

LGO CLASS OF 2022

- MBA & MS Civil and Environmental Engineering
- 4 years of experience in consulting, analytics, technology
- Previously a Managing Consultant at Mastercard
- B.S. Mechanical Engineering, MIT
- Professional interests in complex systems, advanced analytics, data-driven decision making, and strategy

lamprost@mit.edu

CAITLIN BRAUN

LGO CLASS OF 2021

- MBA & MS Mechanical Engineering
- 3 years of experience in medical device design
- Previously a Senior Design Engineer at Stryker Medical
- B.S. Mechanical Engineering, Washington University, B.A. Physics, Kalamazoo College
- Professional interests in mechanical design, design for manufacturing, sports technology, operations management

braunc@mit.edu

TAMIR PELEG

LGO CLASS OF 2022

- MBA & MS Mechanical Engineering
- 8 years navy experience and 5 years in energy and technology
- Previously a Product Manager at SolarEdge Technologies
- B.Sc. in Mechanical Engineering and B.Sc. in Geosciences from Tel-Aviv University, B.A. from Haifa University
- Professional interests in clean-tech and commercialization of new technologies

tamirp@mit.edu

SEAN O'DONNELL

LGO CLASS OF 2022

- MBA & MS Mechanical Engineering
- 3 years of experience in defense and manufacturing
- Previously Manufacturing Engineer for Raytheon
- B.S. Mechanical Engineering, Northeastern University
- Professional interests in operations strategy, production optimization, robotics, and machine learning

seano@mit.edu

KENNY GROSZMAN

LGO CLASS OF 2022

- MBA & MS Operations Research
- 3 years of experience in operations consulting
- Previously a Consultant at Boston Consulting Group
- B.A. Applied Mathematics, Rice University
- Professional interests in applying predictive and prescriptive analytics to solving business problems

groszman@mit.edu

ANJALI KRISHNAMACHAR

LGO CLASS OF 2022

- MBA & MS Electrical Engineering and Computer Science
- 3 years of experience in the automotive industry
- Previously Automated Driving Research Engineer at Ford Motor Company
- B.S. Mechanical Engineering, MIT
- Professional interests in data analytics, machine learning, automated systems, and product management in tech

anjalik@mit.edu

PHIL COTTER

LGO CLASS OF 2021

- MBA & MS Aeronautics and Astronautics
- 9 years of experience in the military
- Previously a Detachment Commander, US Army Special Forces Regiment
- B.S.E. Biomedical Engineering, Duke University
- Professional interests in human-centered design, human-machine interaction, space systems, entrepreneurship

cotterp@mit.edu

CONNOR STEHR

LGO CLASS OF 2022

- MBA & MS Aeronautics & Astronautics
- 5 years of experience in the aerospace industry
- Previously a Propulsion Engineer at Boeing
- B.S. Mechanical Engineering, Purdue University, and M.S. Mechanical Engineering, University of Southern California
- Professional interests in operations, systems engineering, and additive manufacturing

cstehr@mit.edu

MAGGIE CUTLIP

LGO CLASS OF 2021

- MBA & MS Mechanical Engineering
- 3 years of experience in the energy industry
- Previously Reliability Engineer at PSEG Power LLC
- B.S.M.E. Chemical & Biological Engineering, Princeton University
- Professional interests in energy, energy efficiency, power generation, utilities, renewable resources, environment, sustainability

mcutlip@mit.edu

ELIZABETH HAU

LGO CLASS OF 2022

- MBA & MS Electrical Engineering and Computer Science
- 4 years of experience in software engineering in e-commerce
- Previously Software Engineer at Wayfair
- B.A. Computer Science, Wellesley College
- Professional interests in data analytics, machine learning, and supply chain

ehhau@mit.edu

CLARE FRIGO

LGO CLASS OF 2021

- MBA & MS Mechanical Engineering
- 6 years of experience in product development and battery design
- Previously a Program Manager at Johnson Controls
- B.S. Chemical Engineering, MIT
- Professional interests in impact-driven sectors, sustainable energy and materials, environmental studies and policies

frigo@mit.edu

PRANAV VANGALA

LGO CLASS OF 2022

- MBA & MS Mechanical Engineering
- 3 years of experience in management consulting
- Previously a Senior Associate Consultant at Bain & Company
- B.A. and B.E. in Biomedical Engineering from Dartmouth College and the Thayer School of Engineering
- Professional interests in product development, medical devices and digital health solutions for developing nations

pvangala@mit.edu

LUKE CHIANG

LGO CLASS OF 2022

- MBA & MS Mechanical Engineering
- 5 years of experience in energy
- Previously a Associate Process Engineer at Marathon Petroleum
- B.S. Chemical Engineering, University Of California-Los Angeles
- Professional interests in analytics (AI/ML), robotics, automation, and sustainability

lcchiang@mit.edu

TOMMY JOHANSON

LGO CLASS OF 2021

- MBA & MS Aeronautics and Astronautics
- 4 years of experience in defense and aerospace
- Previously Project Manager in the U.S. Navy
- B.S. Aerospace Engineering, B.S. Mechanical Engineering, University of Maryland—College Park
- Professional interests in space, rockets, and all things out of this world

johanson@mit.edu

MARIKO OGAWA

LGO CLASS OF 2022

- MBA & MS Civil and Environmental Engineering
- 5 years of experience in chemical distribution and M&A project management
- Previously Assistant Project Manager at Mitsubishi Corporation
- B.S. Chemistry and M.Sc. Biochemistry, Keio University
- Professional interests in supply chain, operations management, and sustainability

marioga@mit.edu

FRANKLIN MORGAN

LGO CLASS OF 2021

- MBA & MS Civil and Environmental Engineering
- 5 years of experience in supply chain and optimization
- Previously Sr. Business Systems Analyst at the Children's Hospital of Philadelphia
- B.S.E. Mechanical Engineering, Duke University
- Professional interests in system optimization, operations management, data science, healthcare operations, and sustainability

efmorgan@mit.edu

ANDY MIKKELSON

LGO CLASS OF 2022

- MBA & MS Chemical Engineering
- 9 years of experience in medical devices, pharmaceuticals, and defense
- Previously a New Product Introduction Team Leader at Candela Medical
- B.S. Chemical Engineering, University Of California-Riverside, M.S. Biotechnology, Johns Hopkins University
- Professional interests in biotech operations, engineering management, product and process development, process improvement, optimization

amikk@mit.edu

MICHELLE PARK

LGO CLASS OF 2021

- MBA & MS Mechanical Engineering
- 4 years of experience in manufacturing and process development
- Previously Engineer (Digital Process & Systems Analysis) at Amgen
- B.S. Chemical Engineering, MIT
- Professional interests in operations management, data science, product design and development

mpark15@mit.edu

LAUREN SAKERKA

LGO CLASS OF 2022

- MBA & MS Civil and Environmental Engineering
- 7 years of experience in the energy (oil & gas/chemical manufacturing)
- Previously Raw Material Coordinator at ExxonMobil Chemical Company
- B.S.E. Chemical Engineering, University of Pittsburgh
- Professional interests in solving healthcare operations problems, the intersection of business and engineering, and leadership development

lsakerka@mit.edu

ANDREW RODRIGUEZ

LGO CLASS OF 2021

- MBA & MS Mechanical Engineering
- 7 years of experience in the U.S. Army
- Previously a Company Commander in the U.S. Army
- B.S. Mechanical Engineering, U.S. Military Academy
- Professional interests in energy generation and distribution, leadership/management, operations

andrewrd@mit.edu

MIKE LUNNY

LGO CLASS OF 2022

- MBA & MS Aeronautics and Astronautics
- 6 years in the aerospace industry
- Previously Mechanical Engineering Section Manager at Northrop Grumman
- B.S. Chemical Engineering, University Of California-Berkeley
- Professional interests in technology development and applications to business; space and propulsion systems; data science and analysis.

mlunny@mit.edu

DAVID PEDRONI

LGO CLASS OF 2021

- MBA & MS Civil and Environmental Engineering
- 5 years of experience in the aerospace industry
- Previously Production Engineering Manager at Boeing
- B.S. Mechanical Engineering, M.S. Electrical Engineering, University Of Washington
- Professional interests in manufacturing, data driven decision making, automated systems, logistics, business application of computer science

dpedroni@mit.edu

CHRIS CUBRA

LGO CLASS OF 2022

- MBA & MS Mechanical Engineering
- 3 years of experience in energy
- Previously Flex Center Manager at the Eaton Corporation
- B.S. Mechanical Engineering, Brown University
- Professional interests in product management, healthcare, medical devices, operations strategy, and operational excellence

ccubra@mit.edu

SUZIE RAWDEN

LGO CLASS OF 2021

- MBA & MS Civil and Environmental Engineering
- 7 years of experience in manufacturing
- Previously Senior Process Engineer at the Haartz Corp.
- B.A. Biochemistry and French, Bowdoin College
- Professional interests in supply chain management, operations management, business strategy, machine learning, organizational behavior, lean manufacturing, six sigma

ksrawden@mit.edu

OMAR KAHIL

LGO CLASS OF 2021

- MBA & MS Civil and Environmental Engineering
- 4 years of experience in strategy and management consulting
- Previously Senior Consultant at Booz Allen Hamilton
- B.E. Civil Engineering, The American University, Beirut, Lebanon
- Professional interests in Investment management, competitive strategies, energy and environment, cleantech, and entrepreneurship

okahil@mit.edu

PAIGE WYLER

LGO CLASS OF 2022

- MBA & MS Operations Research
- 6 years of experience in agriculture and e-commerce
- Previously Senior Manager at Indigo Agriculture
- A.B. Applied Math - Economics, Brown University
- Professional interest in sustainable food systems, supply chain optimization, and healthcare systems delivery

paigew@mit.edu

EREZ KAMINSKI

LGO CLASS OF 2021

- MBA & MS Electrical Engineering and Computer Science
- 3 years of experience in strategy and operations
- Previously Strategic Planning and Operations Manager at Amgen
- B.S. Physics & Mathematics, Birmingham Southern College
- Professional interests in computing, management, data science in operations, algorithm development, forecasting, investment strategy

erezka@mit.edu

JASON LEE

LGO CLASS OF 2021

- **MBA & MS Mechanical Engineering**
- **4 years of experience in electrical design**
- **Previously Associate Engineer at Kinectrics**
- **Bachelor of Applied Science in Engineering Science, University of Toronto**
- **Professional interests in operations management, process optimization, and strategy consulting**

leejsl@mit.edu

CHRIS LUI

LGO CLASS OF 2021

- **MBA & MS Electrical Engineering and Computer Science**
- **3 years of experience in aerospace systems**
- **Previously Systems Engineer at United Technologies Corporation**
- **B.S. Mechanical Engineering, B.S. Electrical Engineering, Rose-Hulman Institute of Technology**
- **Professional interests in artificial intelligence and machine learning for use on medical devices, healthcare operations, and communications products**

luica@mit.edu

GUS CASTILLO

LGO CLASS OF 2022

- **MBA & MS Mechanical Engineering**
- **3 years of experience in the automotive industry**
- **Previously a TRACK Engineer at General Motors**
- **B.S. Mechanical Engineering, Loyola Marymount University**
- **Professional interests in autonomous vehicles, electrification, AI/machine learning, entrepreneurship**

gcastill@mit.edu

LIZA XU

LGO CLASS OF 2021

- MBA & MS Civil and Environmental Engineering
- 6 years of experience in biopharma operations
- Previously Operational Excellence Manager at Genentech
- B.S. Chemical Engineering, MIT
- Professional interests in leveraging data, systems thinking and robust problem solving approaches to improve business processes and organizations

lizaxu@mit.edu

ALEX HARDIN

LGO CLASS OF 2022

- MBA & MS Civil and Environmental Engineering
- 5 years of experience in the marketing and operations
- Previously a Product Specialist at Funnel
- B.Sc. Chemical Engineering, Worcester Polytechnic Institute

anhardin@mit.edu

AUSTIN DE MAILLE

LGO CLASS OF 2022

- MBA & MS Mechanical Engineering
- 3 years of experience in medical devices
- Previously a Mechanical Engineer at Intuitive Surgical
- B.S. Mechanical Engineering, MIT
- Professional interests in healthcare product & process development, robotics in automation

demaille@mit.edu

TIM LIVINGSTON

LGO CLASS OF 2022

- MBA & MS Electrical Engineering and Computer Science
- 7 years of experience in transportation and investing
- Previously Director of Analytics at McKeil Marine Limited
- B.S.E. Electrical Engineering, Queen's University at Kingston
- Professional interests in natural language processing, predictive data analytics, multi-model user interfaces, hardware design for machine learning

tlivings@mit.edu

MATT KILBY

LGO CLASS OF 2021

- MBA & MS Mechanical Engineering
- 5 years of experience in the U.S. Navy
- Previously an Assistant Engineer
- B.S. Mechanical Engineering, U.S. Naval Academy
- Professional interests in operations management, data analytics, supply chain optimization

makilby@mit.edu

ANDREW TINDELL

LGO CLASS OF 2022

- MBA & MS Electrical Engineering and Computer Science
- 8 years of experience in defense
- Previously Lightning Academy Commander in the U.S. Army
- B.S. Electrical Engineering, U.S. Military Academy

atindall@mit.edu

SRAVANI YAJAMANAM KIDAMBI

LGO CLASS OF 2022

- MBA & MS Electrical Engineering and Computer Science
- 3 years of experience in the automotive industry
- Previously Data Analytics & Machine Learning Research Engineer at Ford Motor Company
- B.S. Computer Science, San Jose State University
- Professional interests in artificial intelligence, machine learning, data analytics, and entrepreneurship

sravaniy@mit.edu

SHANE VIGIL

LGO CLASS OF 2021

- MBA & MS Aeronautics and Astronautics
- 11 years of experience in the military
- Previously a Maintenance Officer and Naval Aviator in the U.S. Marine Corps
- B.S. Systems Engineering, U.S. Naval Academy
- Professional interests in manned and unmanned aerospace systems, digital interoperability, augmented reality, information security, operations

vigil@mit.edu

CHRISTIAN ALLINSON

LGO CLASS OF 2022

- MBA & MS Electrical Engineering and Computer Science
- 7 years of experience in energy
- Previously Lead Automation Engineer at Chevron
- B.S. Electrical Engineering, University of California—Davis

caallins@mit.edu

MIKE SCHODER

LGO CLASS OF 2021

- MBA & MS Mechanical Engineering
- 9 years of experience in defense, business operations, and strategy
- Previously Forward Deployed Engineer at Palantir Technologies
- B.S. Mechanical and Aerospace Engineering, Princeton University
- Professional interests in sustainable energy generation and storage, grid efficiency and optimization, sustainable agriculture, bringing new technologies to market

mschoder@mit.edu

JAMISON SOYBEL

LGO CLASS OF 2021

- MBA & MS Mechanical Engineering
- 4 years of experience in consulting
- Previously Senior Associate Consultant at Bain & Company
- B.S. Mechanical Engineering, The University Of Texas—Austin
- Professional interests in energy, data analytics, corporate strategy, operations management

jsoybel@mit.edu

TREVOR THOMPSON

LGO CLASS OF 2021

- MBA & MS Mechanical Engineering
- 6 years of experience in energy
- Previously Services Engineering Program Manager at GE Renewable Energy
- B.S. Mechanical Engineering, University of Pittsburgh
- Professional interests in energy, renewables, clean tech

tjt@mit.edu

ANDREW TRESANSKY

LGO CLASS OF 2022

- MBA & MS Mechanical Engineering
- 7 years of experience in the U.S. Navy
- Previously a Fleet Liaison Officer
- B.S. Mechanical Engineering, U.S. Naval Academy
- Professional interests in autonomy, ML, AI, robotics, and defense

atresans@mit.edu

ANDREW FABIAN

LGO CLASS OF 2021

- MBA & MS Mechanical Engineering
- 7 years of experience in the aerospace industry
- Previously Lead Propulsion Safety Analysis Engineer at Boeing
- B.S. Mechanical Engineering, Olin College of Engineering
- Professional interests system dynamics, organizational and cultural dynamics, leadership, communications, operations, manufacturing

asfabian@mit.edu

STEPHANIE SMOLINSKI

LGO CLASS OF 2022

- MBA & MS Mechanical Engineering
- 7 years of experience in the aerospace industry
- Previously Engineering Manager, Factory Support Collaboration Center, at Boeing
- B.S. Mechanical Engineering, Washington State University
- Professional interests in Additive manufacturing, machine learning applications, lean manufacturing, Six Sigma, production and quality management systems

shs@mit.edu

DOUG WITT

LGO CLASS OF 2021

- MBA & MS Civil and Environmental Engineering
- 10 years of experience in defense, biopharma, and manufacturing
- Previously Senior Engineer at Amgen
- B.S. Chemistry, Stanford University
- Professional interests in drug development, system optimization in healthcare, next generation defense technologies, China

pdwitt@mit.edu

FELIPE QUINTELLA

LGO CLASS OF 2022

- MBA & MS Mechanical Engineering
- 8 years of experience in energy
- Previously Lead Engineer at National Oilwell Varco - NOV Flexibles
- B.Eng. Mechanical Engineering, Escola Politécnica UFRJ, M.Eng. Engineering, École Centrale de Nantes

felipeq@mit.edu

JIEYUAN WU

LGO CLASS OF 2021

- MBA & MS Mechanical Engineering
- 4 years of experience in the auto industry
- Previously Function Lead at Jaguar Land Rover
- B.A. and M.Eng. Mechanical Engineering, University of Cambridge, England
- Professional interests in product design & development, manufacturing, process optimization

j_wu@mit.edu
